

**CADBURY AT LEWES
EVENING EXCHANGE
February 2, 2010**

Vic Amey, President & CEO, welcomed residents to the "Evening Exchange" forum. He thanked Chuck and the Support Services staff for the great job they had done with snow removal. Vic noted that he had received a request that residents who are staying in skilled care for an extended time make arrangements to have their cars moved to a remote parking area.

Vic thanked the woodshop members for the lovely podium they built for residents and staff to use in the auditorium. It was noted that residents can now use automatic withdrawal from their checking accounts to pay for their monthly fees at no charge. Forms can be obtained from Dave Ruffner, Accounting Associate.

Vic stated that Cadbury had been approached by the New Covenant Presbyterian Church to ask if the Cadbury auditorium could be used for Sunday services for a few weeks until the Church receives its certificate of occupancy for its new building. Residents agreed that this would be a great service to the community.

Vic reviewed recent PMIs (please mention it forms). There was a suggestion that there be a means of communicating to residents if a cottage resident is homebound and might need assistance of some type. There is a "flip-a-check" system in place for independent living apartment residents but there has been no interest in a similar system for cottages until recently. If a resident should have a suggestion, please contact Carol Holzman at 644-6374. Another PMI stated that the windows in the auditorium need a means of making them darker and Chuck Rendulic will investigate this.

Carol Holzman, Director of Resident Services, noted that physical therapy services now has a second location which is in the exercise room. The physical therapy department will be happy to set up an individual program for any interested residents.

AARP will be assisting residents with their taxes again this year. If you would like to sign-up for this, please contact Carol. Residents were reminded that the IL Beauty Salon is open on Wednesdays, Thursdays and Fridays and the message therapist is available on Tuesdays. Carol noted that the Cadbury Companion Program is available to residents, for a fee, to assist with any errands they may have.

The H1N1 vaccine will be offered to staff and later on to residents.

Chuck Rendulic, Director of Support Services, stated that the irrigation system is expected to be operational by spring.

The next Evening Exchange will be April 6, 2010 at 7:00 p.m. in the Auditorium.
